**The future of booking  
locum dental staff**

CURE dental agency are a new, modern yet experienced digital dental staffing agency recruiting skilled locum dental staff for short-term or long-term cover working in general private and NHS practices across Greater Manchester and Cheshire.

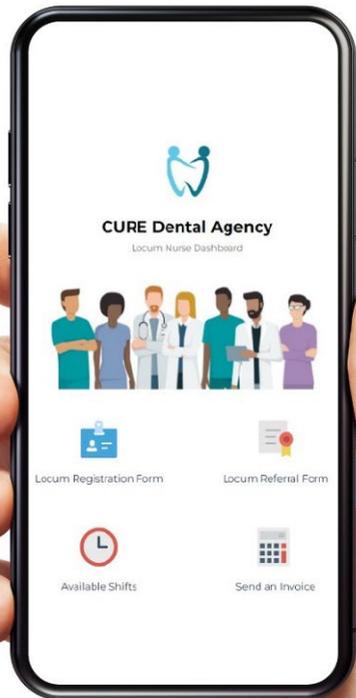

All of our dental nurses are highly skilled, extremely professional and experienced across a multitude of dental care settings and are familiar with various dental software packages. All of our nurses have been thoroughly checked and have got in place;

- Valid GDC registration
- Valid indemnity insurance
- Enhanced DBS certificate
- Up-to date vaccinations
- Up-to date CPD
- Basic Life Support Skills
- Employment references checked

Our fully automated booking & invoicing system provides ease & speed along with efficiency & structure to the practice which offers instant access and saves time administering the process. Whilst the locum nurses can also manage their shifts and invoices on the go.

The current rate for an experienced locum dental nurse is £17 per hour. Our nurses work on a fully self-employed basis and are responsible for their own tax affairs. Our fee is 20% of the shift fee. Example; an 8-hour shift at £17 per hour is £136 (paid directly to the nurse) and our fee is £27.20. Total amount payable is £163.20.
